The Bitcoin 2026 Conference brings together leading companies, developers, and institutional participants focused on advancing Bitcoin infrastructure, scalability, and real-world adoption.

Forward-Looking Statements

This release contains “forward-looking information” within the meaning of applicable securities laws relating to the Company’s business plans and the outlook of the Company’s industry. Although the Company believes, considering the experience of its officers and directors, current conditions and expected future developments and other factors that have been considered appropriate, that the expectations reflected in this forward-looking information are reasonable, undue reliance should not be placed on them because the Company can give no assurance that they will prove to be correct. Actual results and developments may differ materially from those contemplated by these statements. The statements in this press release are made as of the date of this release and the Company assumes no responsibility to update them or revise them to reflect new events or circumstances other than as required by applicable securities laws.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

About LQWD Technologies Corp.

LQWD offers investors unique exposure to both the long-term appreciation of Bitcoin and the emerging machine-to-machine economy powered by Lightning-based transactions. The Company is positioning Bitcoin not just as an asset, but as a global, monetizable network, accelerating its evolution from a store of value into a scalable payment system through the Lightning Network, a second-layer protocol enabling instant, low-cost transactions at internet scale.

With a strategic Bitcoin treasury deployed as productive network capital and AI-driven infrastructure optimizing routing, liquidity, and performance, LQWD is positioned at the forefront of scalable, real-time, fee-generating Bitcoin payments.

LQWD is a Canadian-domiciled public company with offices in Vancouver, Canada, and Lugano, Switzerland. The Company has approximately 31.9 million shares outstanding and 42.7 million shares fully diluted and maintains a strong balance sheet, holding 262 Bitcoin with no outstanding debt, convertible bonds, or debentures.

The Company's shares trade in Canada on the TSX Venture Exchange under the symbol LQWD, and on the OTCQX Market in the United States under the symbol LQWDF.
